"Developing People, Programs & Organizations"

Development is define as...
a. to evolve the possibilities of
b. to move from the original
position to one providing more
opportunity for effective use.
c. to cause to unfold gradually

N'tegrity provides "development" services for non-profit agencies, civic groups and churches. We offer start-up assistance in creating new non-profits and will gladly provide on-going technical assistance.

Have an existing organization? Let N'tegrity conduct a complete organizational assessment and work with you to develop a solid strategic plan. Implementing this strategic plan will enable your agency to increase it's capacity for service to the community while positively impacting it's overall financial sustainability.

With a true understanding of economic empowerment and self-sufficiency, we have developed an innovative approach to self-improvement and organizational growth.

Our research into *Social Entrepreneurship* has placed us on the cutting edge of resource development, revenue generation and the creation of economic stability for your organization.

Developing People...

Leadership development is customized to work in harmony with the implementation of your unique strategic plan. Investing in the development of each individual enhances the overall effectiveness of the entire organization.

Programs...

Have an idea for a program? Have a program you are trying to expand? Have a program you want to get funded? Let us assist in the development, implementation and/or evaluation of your program.

We provide assistance with...

- Needs Assessments
- Program Design
- Implementation
- Evaluation
- Funding

Capacity-building helps your agency become more effective at serving it's targeted population, reaching it's goals, obtaining additional funding and maintaining proper accountability to it's funding sources.

...and Organizations

What is Organizational Development? "Organization" has come to mean the coming together of people and resources to form a unit.

"Development" in it's simplest form, suggests change and growth. Therefore, Organizational Development (OD) could be defined as *"the practice of changing people and organizations for positive growth."*

N'Tegrity will work hand-in-hand with your agency to make positive changes through the development of new and innovative interventions, systems and strategies. We will present your organization with the key to success!
